November 28, 1956

Mr. James Gilloon
Director of Athletics
New York University
Washington Square

Dear Mr. Gilloon,

WNYU is the campus radio station at the Heights. We plan to tape record all of the basketball games this season, as we have done in past seasons, for broadcast the following night.

I recently called Madison Square Garden to check on our facilities. I was informed that the only passes to the radio booth were issued to WCAG, the Washington Square station.

Will you please correct this situation with the Garden, so that we may get our passes for the first game, which is next week. We will need to have three passes for each game.

Thank you very mush for attending to this matter.

Sincerely yours,

Stephen Rachlin
